- (1) Other than deliveries, the taxpayer has no other physical presence within the municipality or its police jurisdiction;
 - (2) The taxpayer conducts no other business in the municipality other than delivering merchandise and performing the requisite set-up and installation of said merchandise;
 - (3) Such delivery and set-up and installation is performed by the taxpayer's employees or agents, concerns the taxpayer's own merchandise in that municipality, and is done by means of delivery vehicles owned, leased, or contracted by the taxpayer;
 - (4) **The gross receipts derived from the sale and any requisite set-up or installation of all merchandise so delivered shall not exceed seventy-five thousand dollars (\$75,000) during the license year;**
 - (5) Any set-up or installation shall relate only to (i) that required by the contract between the taxpayer and the customer or as may be required by state or local law, and (ii) the merchandise so delivered;
 - (6) If at any time during the current license year the taxpayer fails to meet any of the above stated criteria, then within 10 days after any of said criteria have been violated or exceeded, the taxpayer shall purchase all appropriate business licenses from the municipality for the entire license year and without regard to this section.
- (b) Mere delivery of the taxpayer's merchandise by common carrier shall not allow the municipality to assess a business license tax against the taxpayer, but the gross receipts derived from any sale and delivery accomplished by means of a common carrier shall be counted against the seventy-five thousand (\$75,000) limitation described in the preceding section if the taxpayer also during the same license year sells and delivers into the taxing jurisdiction using a delivery vehicle other than a common carrier.
