Important 2018 Business License Information

Renew your 2018 Business License for RDS-administered jurisdictions at www.bizlicenseonline.com.

In Alabama, some types of businesses are required to be certified by an association or licensed by a state board. Providing this proof with the business license application, whether it is for a new or renewing license, will speed up the time between applying for and receiving a 2018 business license. You can upload the proper documentation when renewing your license online.

If you have any questions about proper documentation, online file and pay, or other situations, please visit our website at www.revds.com.
