Calculation Instructions:

The fee for the certificate is based on the number of employees x \$13.00 plus gross receipts times the tax rate for your business.

The tax class is determined by the NAICS Code (North American Industry Classification System).
 • Fee = Gross Receipts x Tax Rate (see fee schedule) + \$95 (Administration Fee) + Number of Full - Time Employees x \$13.00.

Full - Time Employee calculation:

The number of employees of the business or practitioner as computed on a full - time position basis or full - time position equivalent basis, provided that for the purposes of this computation an employee who works 40 hours or more weekly shall be considered a full - time employee and that the average weekly hours of employees who work less than 40 hours weekly shall be added and such sum shall be divided by 40 to produce full - time position equivalents

* Rate is determined by the municipality based on the dominant service or product as described in O.C.G.A § 48 – 13 - 12.
