General Information/FAQs

State Laws regulating the collection of Occupational Licenses

These laws can be found at <http://www.legis.la.gov/legis/LawSearch.aspx>. Your municipality may incorporate other zoning, permit or additional regulations. Please review the fee schedule for additional information as available. Even if your business is not listed in this fee schedule, you are still taxable under the occupational license tax law, L.R.S. 47:341-363.

Certification

A municipality may require a business to obtain a copy of each individual/entity's board certifications and/or permits prior to issuance of a municipal occupational license. If certification is required, the fee schedule above will indicate what specific certification must be provided with your application. Failure to provide a copy of your certification/permit along with your application (if applicable) will delay the issuance of your license.

Issuance of an occupational license by Avenu does not permit business operation unless the business is properly zoned and/or in compliance with all applicable laws/rules and meet all required certifications.

Deductions

A. Petroleum taxes. In calculating the gross sales at bulk or distributing plants engaged in the storage and sale of petroleum products, the taxpayer shall exclude therefrom the part of the purchase price paid by him for gasoline and motor fuels or lubricating oils as shall equal the manufacturer's or dealer's license, privilege, or excise tax levied by federal or state statutes on the manufacturing, handling, storing, selling, or consuming of gasoline, motor fuels, or lubricating oils.

B. Undertaking and funeral directing. The term "gross annual receipts", as used in this Chapter, shall cover all of the receipts of the person carrying on the business of undertaking and funeral directing, except that deduction shall be allowed for collections made by one undertaker and funeral director for the account of another undertaker and funeral director, as shown by the books of both parties at interest.

C. Stocks and bonds; interstate sales. In determining the amount of gross annual commissions and brokerage to be subject to the tax, each commission business operating on exchanges located outside the state of Louisiana shall deduct therefrom forty percent in the case of purchases and sale of stocks and bonds consummated on exchanges located outside the state of Louisiana and fifty-five percent of purchases and sales of commodities consummated on exchanges located outside the state of Louisiana.

D. Retail or wholesale sales of motor vehicles and boats. In determining the amount of gross sales and receipts to be subject to the tax for retail or wholesale dealers in motor vehicles, automobiles, motor trucks, motor buses, motorcycles, motor bicycles, motor scooters, motor tractors, motor-propelled road machinery farm implements, and equipment designed for use with tractors and other motor-propelled equipment, trailers, semitrailers, aircraft, or other motor-propelled land vehicles, and pleasure or commercial boats, the license shall be computed on the total gross sales from all sales, including but not limited to sales of parts and accessories, receipts from repair shops, and sales and rental of motor vehicles; however, the gross sales and receipts of the above listed dealers shall not exceed seven hundred thousand dollars.

Exemptions

- A. Individuals who are blind and their widows or orphans. License taxes levied by this Chapter shall not apply to individuals who are blind, who are exempted from license taxes by R.S. 23:3031 through 3033. The exemption provided by this Subpart shall apply only where the business is conducted by any individual who is blind exclusively for his own support or the support of his family.
- B. Artists and craftsmen. Any occupational license tax imposed on retail dealers not having a fixed place of business shall not apply to Louisiana artists and craftsmen who display their own original art and handicraft for sale at functions sponsored by nonprofit organizations.
- C. Nonprofit organizations.
- (1) The occupational license tax required by this Chapter shall not apply to those qualified nonprofit organizations which are exempt from the collection of sales and use taxes under the provisions of R.S. 47:305.14 or from the payment of federal income taxes under the applicable provisions of the Internal Revenue Code.
- (2) This Subsection shall not be construed to exempt museums, menageries, circuses, or other traveling shows from the license required by R.S. 47:359(H) unless all of the proceeds from such shows are used for charitable, educational, or religious purposes of the sponsoring qualified nonprofit organizations. It is the intention of this Subsection to exempt such traveling shows where its entire proceeds, except for necessary expenses connected therewith, are used for the charitable, educational, and religious purposes of the sponsoring qualified nonprofit organization.
- D. Wholesale dealers in certain alcoholic beverages. There shall be no license tax imposed, assessed, or collected under the provisions of this Chapter on any person engaged in the business of selling at wholesale, malt, vinous, spirituous, alcoholic, or intoxicating liquor containing more than six per centum of alcohol by volume, and beer, porter, ale, fruit juices, and wine containing more than one-half per centum of alcohol by volume.
- E. Other exempted businesses.
- (1) Banks, homestead and building and loan associations, editors, cooperative-owned bank service companies, over-the-air broadcasters, as defined by the Federal Communications Commission, publishers, clerks, laborers, ministers of religion, school teachers, graduated trained nurses, those engaged in agricultural or horticultural pursuits, those operating sawmills, and corporations organized and operated for the purpose of lending money to farmers for production purposes, the stock of which is owned by farmer members and employees of such corporations, shall be exempted from any provisions of this Chapter.
- (2) For purposes of this Subsection, "bank service company" shall mean either of the following:
- (a) Any corporation which is organized to perform services authorized by 12 U.S.C. 1861 et seq., and all of the capital stock of which is owned by one or more insured banks.
- (b) Any limited liability company which is organized to perform services authorized by 12 U.S.C. 1861 et seq., and all of the members of which are one or more insured banks.
- D. Manufacturers. Manufacturers shall be exempted from any provisions of this Chapter; however, manufacturers who sell their manufactured articles at retail shall be subject to the payment of a license tax on such retail sales as fixed by this Chapter.
- E. Persons with disabilities. There shall be no license tax imposed, assessed, or collected under the provisions of this Chapter on any person who is disabled to the extent that he is home-bound, confined to a bed or wheelchair, requires the aid and attendance of another person, and is unable to enter the normal work force.
- F. Nothing in this Chapter is intended to levy a tax on those receipts subject to the tax under the provisions of R.S. 22:833. (Insurance Companies)

Location Specific, Definition

Except as otherwise indicated in the Revised Statutes, only one license shall be required for each place of business, and the license shall be based upon the classification of business which constitutes the major portion of the taxable annual gross sales and receipts. However, any person operating coin vending or weighing machines shall obtain only one license, regardless of the locations of the machines. However, a separate license shall be required for hotels, motels, rooming houses, and boarding houses. Such license shall be in addition to the license required if other classes of business are operated in conjunction with the hotel, motel, rooming house, or boarding house.

New Business Information

For any new business commencing after January first of any calendar year, the first license shall be due and payable on the date the business is commenced.

Within forty days after commencing the business, each person shall compute in the manner provided by R.S. 47:348 the balance of the license tax, if any, owed for the year in which the business is started and pay such tax balance. When the business is begun prior to July first of any year, the tentative tax shall be the minimum annual rate for the particular class of business in cases in which the tax is based on gross receipts, sales, fees, premiums or commissions, or the full annual rate in cases in which the tax is based on a specific amount per unit. When the business is begun on or after July first of any year, the tentative tax shall be one-half of the minimum annual rate or the specific amount per unit, as the case may be.

Penalty and Interest, Rate of

All licenses unpaid after the last day of February of the calendar year for which they are due or, in the case of a new business, unpaid on the date such business is commenced shall be deemed delinquent and subject to the payment of delinquent interest and penalty. Delinquent interest and penalty shall be computed from March first of the calendar year for which they are due. Penalty is 5% of tax due for each 30 days or fraction thereof with a maximum penalty of 25%. Interest is 1 $\frac{1}{4}$ % (0.0125) due per month until paid in full.

Any intentional false statement as to any material facts in the application for a license shall constitute a misdemeanor, and any person convicted thereof shall be fined not more than two hundred dollars or imprisoned for not more than six months, or both.

Posting of License

Every license shall be posted in a conspicuous place, where said business, trade or occupation is carried on, and the holder of the license shall immediately show same to the designee of the municipality upon being requested so to do.

Requirement to maintain records

In general, each person shall keep a reasonable record of his gross receipts, gross fees or commissions, or loans made. This record shall be kept separately for each place of business, and shall be subject to examination and inspection by the collector or his duly authorized assistants.

Transfer of License information

The license is issued in the name of the person making application and paying the initial fee and is not transferable or assignable. If at any time during the license year a change of ownership takes place, the license period is from January first, to the date of sale or change of lessee. A "change of ownership" occurs when a business is sold or leased, and does not include changes in partnership or corporate shares.

The new owner or lessee shall obtain another occupational license, as the license issued to the former owner or lessee is not transferable or assignable. The license period for the new owner or lessee covers the date of transfer or ownership or lease to December thirty-first of the license year. The collector shall be notified within ten days when a change is effected.

Type of License

In order to calculate the license fee for a business location at which business activities are carried on that fall under more than one tax basis schedule, gross receipts, fees, or commissions for each group of activities falling under each schedule must be compared. The rate for the schedule which constitutes the major portion of the gross receipts, fees, or commission will be used. However, the total gross receipts, fees, or commissions for all business activities carried on at the business location, minus any applicable deductions, are applied to the schedule to compute the fee.

Zoning

If a business intends to maintain a physical location within the municipality, there are normally zoning and building code approvals required prior to the issuance of a license. In certain instances, a business may simply be required to register with the municipality to create a mechanism for the reporting and payment of any tax liabilities. Contact the municipality for any zoning, building code and/or tax liability requirements. The completion and submission of the form does not guarantee the approval or subsequent issuance of a license to do business. Any prerequisites for a particular type and location of the business must be satisfied prior to licensing.

All questions regarding the occupational license renewal process should be directed to Avenu.
